b. Course or Curriculum Development

2015 Received a NASA Space Grant for a course entitled ART 495 Skateboarding Tracking and Data Visualization, which takes place partly in a computer lab and robotics studio and partly in a skateboard bowl donated by the Kennedy Center to Gallaudet..

2014 Developed and Gained Approval for the new required Art & Media Design course at Gallaudet University called "Robotics & Interactivity"

Revised the Beginning Photography course description and made it a requirement. Moved the Photojournalism into the Photography Concentration.

Repositioned Typography into the major, and Advanced Design into the Graphic Design Concentration.

2013 Worked on Entrance and Exit Review Assessment

2012 Worked and Passed the New Curriculum in Art and Media Design

2011 Discussing new curriculum that merges all majors into one Art and Media Design Degree with Concentrations instead of Majors that allows more integration of creative art and design techniques applicable to every major.

Worked to develop a new curriculum that merges all majors in art into one.

2010 Continued development of a new Digital Media Curriculum

2009 Revamping Existing Course Curricula for all of my classes at Gallaudet University Began work on the development of a new Digital Media Art Curriculum

2008 Developed and Passed the New Media Curriculum at University of North Texas.

2007 Began Developing New Media Curriculum at University of North Texas.

c. Advising (other than research direction): Indicate approximate numbers of students per year.

i. Undergraduate:

Dimitri Foreman, Devaron Scott, Joshua McGriff, Lorian Jones, Ebony Gooden, Alan Gilpatric, Heidi McNulty, Elizabeth Young, Teresa Jackson, Brittany Castle, Tracey Milo, Jason Nesmith, John Bingham, Jeffrey Stroud, Lauren Benedict, Daniel Katz-Hernandez, Thais Morales, Joanna Jimenez, Gabriel Pasman, Christine Perrott, Erin Ginn,

ii. Graduate:

Nio Mao (Central Academy of Fine Arts Beijing student), Linda Chang (Central Academy of Fine Arts Beijing student), Wang Tao (Central Academy of Fine Arts Beijing student), Tian Li (Tsingua University), Sean Xu (Central Academy of Fine Arts Beijing student)

4. Service

a. Professional

i. Paid Consultancies:

1. Jalan Sahba Fashion: Consulted in the interactive flash redesign of her fashion product website for a line of newly designed handbags for women.
2. Kay's Naturals: Consulted in the interactive redesign of Kay's Naturals' product and manufacturing website.
3. PGS Advertising: Consulted in the interactive redesign of PGS Advertising's service based advertising website.
4. United Nations: Consulted for the design and development of an animated Film Project for the Durban Conference in South Africa.

b. Campus

i. Departmental

1. Worked and helped to complete the PPTF paperwork.
2. Worked and helped to complete a submission for the new Art Department curriculum.
3. Managed the Department Website for 3.5 years.
4. Worked with Michelle on preparing and setting up Student Exhibition in H Street Festival Booth 2012
5. Worked with the Cultural Programs of the National Academy of the Sciences as an external coordinator aiding the director with people in and around the DC area that merge technology and science with art or creative practices.
6. I managed the installation of Maya, Processing and Arduino software for my classes as well as troubleshoot and answer questions for software needed by other Art Professors for the WAB computer lab.
7. I worked to display a range of artworks to run daily on the plasma HDTV located in the center of the Washburn Arts Center that greets both visitors and students upon entering the building, and is visible from outside at night. I've tried to focus the videos around emergent art practices using a variety of technologies, and have tried to find content online that shows how that particular technology is used in the creation of the work. This has required that I change computers and get admin access to accommodate the needs of the video formats.
8. Worked to help Adjunct Faculty, Joe Hicks, to help him incorporate robotics, kinetics, hardware programming, robotics fabrication and interactivity into his ceramic work.
9. I have been giving annual workshops on art and technology methods and practice at CAFA: The Central Academy of Fine Art in Beijing, which usually culminate in an exhibition that I curate of the student's work completed in the workshop. This year I gave a computer vision/human-tracking workshop there, and the dean was so excited that he supported the travel of three students to visit DC and the Gallaudet University Art Department to present their work and interact with Gallaudet art students.
10. Exhibited two interactive computer vision artworks in the Washburn Arts Center Faculty Exhibition: November, 2009 – January, 2010 (Washington, DC)
11. Represented the Art Department for 3 years, most instances of the Gallaudet open house since I arrived at Gallaudet. I would take two computers, one projector, art department t-shirts, fliers, and appropriate sign in sheets to keep track of all of the people that visited the booth. Openhouse Student Meet and Greet Luncheon as well as Openhouse Fair Setup for the dates: October 10, October 28th, November 11, 2011, 9:00 am - 4:00 pm., October 8, 2010, November 5, 2010, November 11, 2010
12. Made contact with NASA to exhibit some of their research relating to the Mars Rover in the Linda Jordon Gallery at Gallaudet in January 2013.
12. I worked with the CPNAS (CULTURAL PROGRAMS AT THE NATIONAL ACADEMY OF THE SCIENCES) and the NAS to get Gallaudet students (with interpreters) to manage the graffiti wall

at the National Science and Engineering Festival in the Convention Center, working with students from Parsons and well known media artist Jonah Brucker-Cohen, 2012.

ii. University

1. Member of Gallaudet CDL Committee for Distance Learning from 2012-2013
2. Present Member of Gallaudet CUE Council on Undergraduate Education Committee. Served on the CUE Committee for 6 years, during which time the art department revised the curriculum. The revised curriculum was accepted. Most recently reviewed the GSR submitted proposal.
3. Gave a presentation on best practices as it relates to web development to the Gallaudet Press during faculty development week.
4. Established the FUNCOLAB as a university-wide workspace with lecture series in the Gatehouse in 2010 with Dr. Snyder and Ethan Sinnot.
5. Developed Skinny Tuesdays as a lecture series on Gallaudet campus in the Gatehouse: to supplement student learning and exposure to professional artists, designers, and creative minds. (We've held 6 Skinny Tuesday lectures there to date).
6. I shared my own research in a lecture at one of the Skinny Tuesday on "Intersecting Art & Science: International Universities, Festivals, Residencies & more."
7. Served on the CUE Committee for 3 semesters, during which time the art department revised the curriculum. The revised curriculum was accepted. Most recently reviewed the GSR submitted proposal.
8. Met with Nav Air with Dr. Marguerite Glass (chair) to find internship opportunities for students graduating from Gallaudet with technical or creative knowledge and ability. October 2009
9. Interviewed for the Ripple Effects Faculty Exhibition at Gallaudet for a video tool for recruitment to Gallaudet University.
10. Developed a GSR course co-taught with Dr. Snyder GSR 230 Creative Robotics and Sensor Based Systems Course.
11. Developed a new Art & Media Design course that has officially become a curriculum requirement for Digital Media Concentration students to take, which is entitled ART 236 Robotics & Interactivity
